

FOCUSING ON RIGHTS

1.1 YOUTH IN ACTION

Motivation for the Project

We are a group of young people working on photography. We wish to describe our thoughts in pictures in an international group. We believe that's a universal language. That's why, as a group, we are planning a project about human rights and photography art within the priority of Europe Creativity and Innovation Year. We are looking for partners from all "YOUTH IN ACTION" countries who are interested in arts, photography or human rights.

Aim of the Project

Our project aims to bring people together from different countries under the themes of "Human Rights and Discrimination" and "Photography". If so they can share their ideas and develop them.
